Great adjustments will need to be made in every area of life he touched, including our plans. (12/12)

Pastor Steward sends Christmas Greetings and prayers of blessing on all the ERC families in partnership with the ministry in NE India. He reports again of the many becoming Christians in village missions. He requests prayer that they are strengthened in faith and protected from the evil one. Everyone at the Bible School is busy and partnering evangelists face many challenges during this holiday season. Steward asks prayers especially for Nyapu's cousin's wife and his four daughters. The husband, Marker Riba, suddenly passed away last week.

Note: You can find Pastor Steward's full report in the hallway across from the large world map.

Please be in prayer for Pastor Dirk and Jashton who are planning a ministry trip to Steward January 18-30, 2024.
